_A string musician's chance of a lifetime!

Perlman Music Program returns!

Under the baton of internationally acclaimed violin virtuoso and conductor Itzhak Perlman, this program allows local school-aged string students to come together with an outstanding orchestra of international student musicians. Perlman Music Camp has collaborated with East End Arts School since 2012, and we're thrilled to see it return this summer after a hiatus in 2020.

Ayanna, also a student of Ms. Haupt, has made many lasting memories learning art and fine-tuning her creative spirit while exploring a variety of techniques. Ayanna has always loved art and especially loves the way Miss Melissa challenges her to add to her projects in specific ways. Ayanna embraces her journey as an emerging artist and continues to participate in more classes and workshops at EEA.

TEACHER SPOTLIGHT: MELISSA HAUPT
EEA’s Afterschool Art Teacher and the beloved Riverhead Public School’s Art Teacher

EEA has been very lucky to be able to share one of Riverhead's favorite teachers. Melissa Haupt has been teaching art at the Riley Avenue Elementary School in Riverhead for over 20 years and was the recipient of the 2016 Educator of the Year.

Melissa loves to bring art programs and learning opportunities to students. She shares her joy of teaching with East End Arts School, teaching After School Art on Mondays. Her students adore her, and her classes are always at capacity. Along with her love of teaching, she is also very active in the community, founding Riley Avenue’s student council, running food drives, hosting fundraisers, and coaching a Police Athletic League cheerleading team. She is also a very busy mom.

“She goes above and beyond the call of duty by not only teaching art but also teaching the value of good character through art,” Ms. Raimondo said. “I don’t even know how she does it all.”

STUDENT SPOTLIGHT: ART STUDENTS - EMME & AYANNA

EMME SIAR
This year’s art class with Ms. Haupt at East End Arts provided Emme face-to-face instruction as she began her artistic journey. As a beginner artist, the program allowed her to highlight her talents. She really enjoyed learning about the artists, the histories, and the backgrounds behind the pieces she was about to create. The different mediums provided many new opportunities and in turn, her art supply at home has grown immensely. Emme is developing her artistic skills and looks forward to many, many more classes at East End Arts.

AYANNA SCHWARZ
Ayanna, also a student of Ms. Haupt, has made many lasting memories learning art and fine-tuning her creative spirit while exploring a variety of techniques. Ayanna has always loved art and especially loves the way Miss Melissa challenges her to add to her projects in specific ways. Ayanna embraces her journey as an emerging artist and continues to participate in more classes and workshops at EEA.
