**The Intersection of Energy & Art**

Art and wellness go hand in hand. This new offering brought to us by Machi Tantillo is a movement and studio class where gentle but powerful energy therapies and exercises combine with students’ drawings and musings in order to rebalance and restore wellness. Reiki, Qigong, guided visualization, meditation, and drawing are believed to deliver health benefits, increase positivity, and reduce the effects of stress. Who can’t use some of that?! Series starts Wednesday, May 11, 2022, at 10:30 am  

**TEACHER SPOTLIGHT: YULIA NAZARETSKI**

*Bringing an International Flavor to Mastering the Piano!*

Yulia has been teaching at East End Arts for over five years. She has over 20 years of performance and teaching experience from all over the world. In her lessons, Yulia applies her own teaching methods developed through the unique experiences acquired in various countries. Her approach is based on European and Russian piano traditions to which she then incorporates American methods and teaching styles for a unique learning experience. She teaches a wide spectrum of music covering classical, jazz, traditional, and rock among other styles. Yulia’s students often receive the highest grades at NYSSMA festivals.

**STUDENT SPOTLIGHT: MORGAN GAJOWSKI**

*A Virtuoso in the Making*

Morgan Gajowski, 10, has been studying piano at East End Arts with Yulia Nazaretski for half of her life! In these years, Morgan has made tremendous progress at the piano. When not playing, Morgan likes to hang out with friends, play softball, read books, and do art. She enjoys playing the piano very much and looks forward to what she can accomplish in the future.

ARTIST SPOTLIGHT: THE BERNDT TOAST GANG

The Art of Comaraderie
The Berndt Toast Gang started in 1966 when some L.I. cartoonists were working on an animation for Hanna Barbera. Named in honor of Walter Berndt, the creator of the long-running strip, "Smitty," they have been raising a "Berndt Toast" to past members every lunch since. The BTG is a professional organization with most members part of the National Cartoonists Society and some from the Society of Illustrators. Aspiring cartoonists and members of related fields are welcome to join their monthly lunch. Although our Lights 'n Giggles art exhibition cartoonist Don Orehek currently resides on the West Coast, he remains a connected BTG member, and the gang has been great supporters of the show.

JOIN US TODAY AT 2PM FOR A BTG ARTIST TALK IN THE EEA GALLERY!

50 YEARS OF EEA: A TRIP DOWN MEMORY LANE

Rebrand 2012:
Apparently milestone anniversaries are a rebranding tradition at EEA, though we didn't realize that exactly when we decided our golden anniversary was a great time for a new look. Ten years ago, the shortened name East End Arts, "inspired by the fact that our services encompass so many areas," along with a new logo were unveiled. This year we celebrate with a new logo and a soon-to-come new website. Speaking of celebration, this year marks the 10th year of our Teeny Awards, 11th year of our Music Masters Mentorship Program, 26th year of our Mosaic Festival, and the 36th year of our Harvest Gospel Concert. We do love a tradition!
